What is Shieldcoat Colourfast?

For over two decades, Shieldcoat has made substantial investments in research and development projects, solidifying our position as pioneers in roof coating technology. Our cutting-edge coating process represents our latest industry-leading innovation, allowing us to provide the Shieldcoat Colourfast guarantee. This guarantee assures that our roofing products, when applied as per our specifications, will maintain their vibrant color without significant fading*. With our commitment to excellence, we continually strive to deliver unrivaled durability and aesthetics

Why choose Shieldcoat?

Industry leading warranty

The only major paint manufacturer in New Zealand that covers fading in their warranty.

Superior Service

We can recommend an experienced applicator in your area. We can also help you choose the right colour palette to suit your home.

Proven Success

Over the last 21 years, more than 800,000 home owners have trusted Shieldcoat to protect their homes.

New Zealand Made

Shieldcoat is Owned and Operated in New Zealand We source our raw materials from local suppliers.

Quality Guaranteed

Quality has always been our highest priority.
